

# NEW VISIONMOUNT® SUPER SLIM TILTING MOUNT

MODEL VMT15-B1

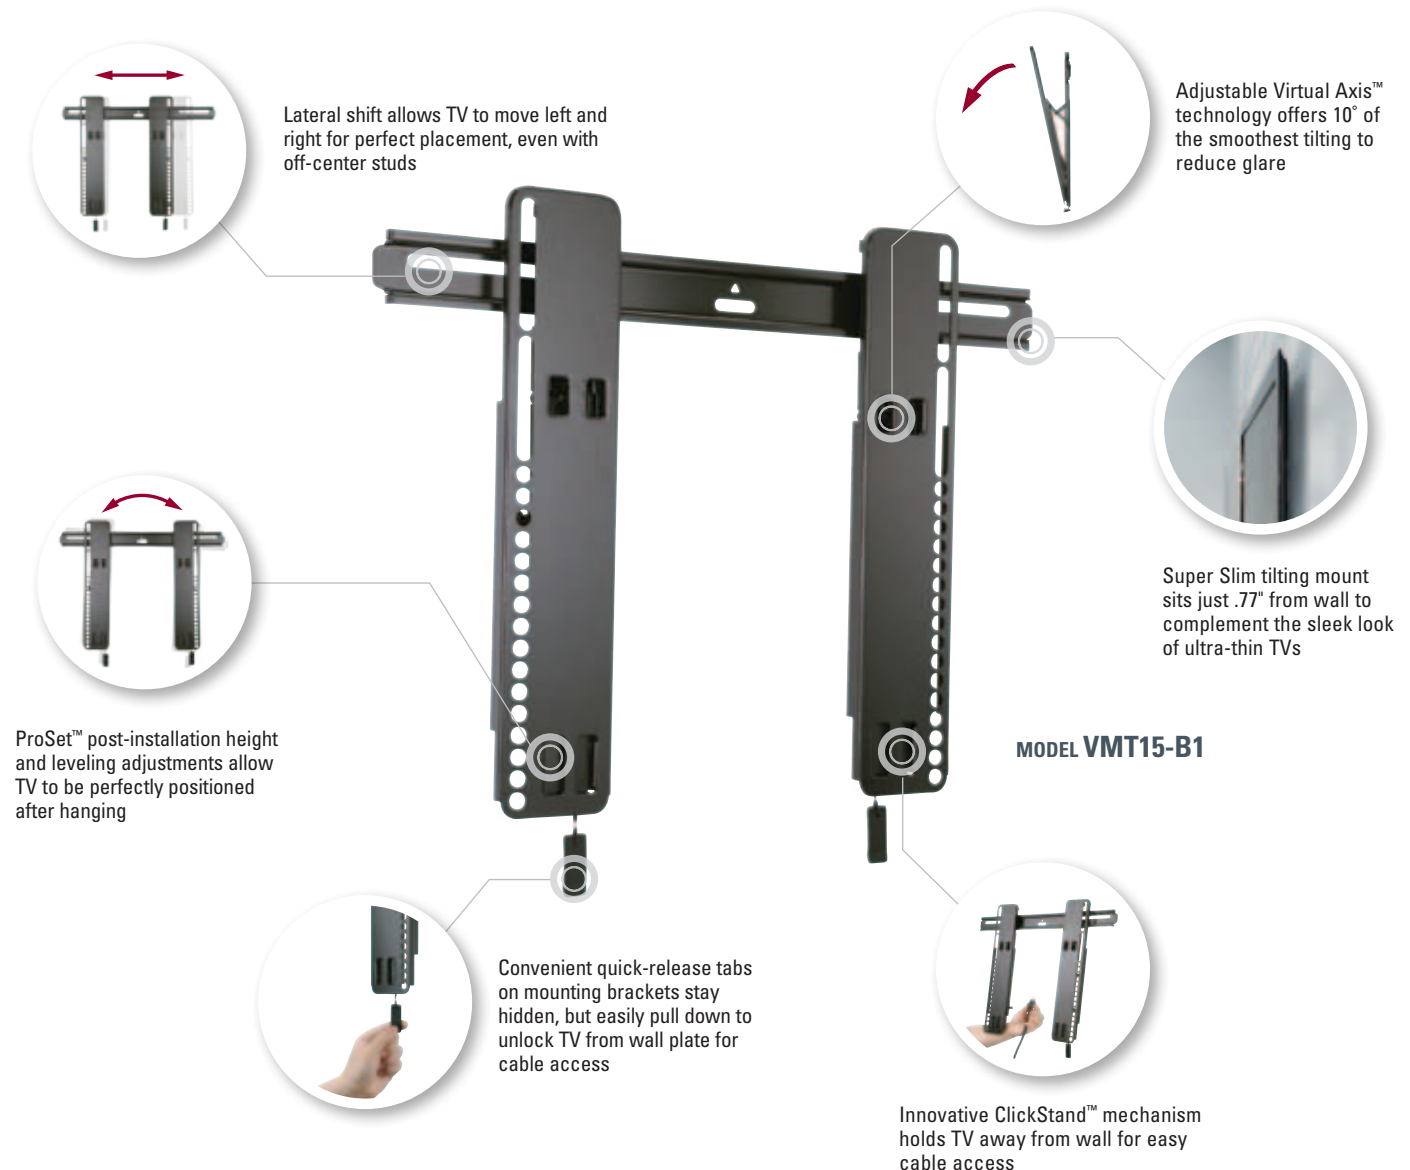

## Places ultra-thin flat-panel TVs just .77" from the wall

The new HDpro™ VMT15 Super Slim tilting mount places ultra-thin LCD, plasma and LED TVs just .77" from the wall for an incredibly thin appearance, but it also offers something other ultra low-profile mounts don't—Adjustable Virtual Axis™ technology with up to 10° of smooth tilting capability. This revolutionary technology was specially engineered by Sanus to compensate for today's variety of flat-panel TV depths and weights. The VMT15 is also easy to install and use, with features such as ProSet™ post-installation adjustments and ClickStand™ cable management.

VMT15-B1 SHOWN

- Super Slim tilting mount sits just .77" from wall to complement the sleek look of ultra-thin TVs
- ProSet™ post-installation height and leveling adjustments allow TV to be perfectly positioned after hanging
- Convenient quick-release tabs on mounting brackets stay hidden, but easily pull down to unlock TV from wall plate for cable access
- Lateral shift allows TV to move left and right for perfect placement, even with off-center studs
- Adjustable Virtual Axis™ technology offers 10° of the smoothest tilting to reduce glare
- Innovative ClickStand™ mechanism holds TV away from wall for easy cable access
